

Salado e-Letter

July 2015

SPECIAL EDITION

It has just been announced that the Stagecoach Inn has been sold and that the new owners are going to close it down for two years to remodel and make upgrades.

Jeanne Clark is busily trying to locate a place for the 2016 Meet in the nearby area and at the same time of year. Please contact her with any suggestions for a location. Her e-mail is: clarkwc@aol.com.

We will keep you informed on dates and location for the 2016 Meet through this e-Letter and on the Meet's website (www.texaspackardmeet.com).

The following is being offered as a personal statement by the writer for the members of the four Texas regions to consider.

Perhaps this is a good time to change the Meet's location to someplace other than Salado. I say this because the town has not improved over the years. Each year there is less and less to do, fewer places to eat, and business to visit. We have an opportunity here to explore other locations. Central Texas offers the convenience of being equal distance from all parts of the state and has worked well for decades. Cities like Georgetown or the Waco area offer more and better accommodations and places of interest to dine and shop.

Our immediate goal is to help Jeanne find a place to meet in 2016. Discussions about future Meets can be discussed later, but it is something to think about in the meantime.
